

Thursday 6th December 2020

In the Infant Class, we have been busy measuring. We've used rulers to measure classroom objects, tape measures to measure ourselves and metre sticks to measure the school. The more practice we've had, the better we've been getting at estimating as well. One of the Year 2 children was only 1.5m out with her estimate of the length of the school!

Last week we were lucky enough to have a trial judo session in school. The children played fun games on the mats and learned how to perform judo holds and throws.

We were also visited by our first ‘Secret Reader’ who shared a fascinating story called ‘Skin we are in’. She also brought some African musical instruments for us to play which really brought the experience to life.
