SANS 60350-1:2015

Edition 2

National foreword

This South African standard was approved by National Committee SABS/TC 075, *Performance of household and similar electrical appliances*, in accordance with procedures of the SABS Standards Division, in compliance with annex 3 of the WTO/TBT agreement.

This document was approved for publication in xxxx 2015.

This national standard is the identical adoption of IEC 60350-1:2021 (edition 2.1 but with the addition of:

national annex AA on the modification of requirements given in IEC 60350-1, as reflected in SANS 1692 to determine the energy consumption of ranges, ovens, steam ovens and grills;

national annex BB on the energy labelling of electric ovens. The label design and the technical information required for the calculation of energy classes were obtained from European Directive 2002/40/EC.
